LOSES LAST GAME

POLY FIVE WON FROM NORMALS IN EASY FASHION 53-23

BEARCATS GAME FIGHT

Miller Showed up in Fine Form, Getting Seven Goals, but Support Was Lacking.

The Normal Bearcats returned from their three-game trip today having lost two out of the three played, dropping the last game to the Poly five at Kansas City last night, 53 to 23. The Kansas City Times says of the game:

Displaying a strong offense and guarding that was well above par, the Polytechnic basketeers passed and shot their way to a victory over the Maryville Normals alst night on the Poly court. With Captain Walker, Duvall and Schmitz shooting goals from every angle, the visiting team never had a chance after the first few minutes of play, the game ending with the Red and Black on top of a 53 to 23 count.

At that, Maryville put up a game fight. The Green and White guards were working together, but they lacked the ability to cope with the Poly cagers.

The game was only a minute old when Duvall uncorked a long one. Walker added a goal, and then these two forwards, aided by Schmitz, piled up the count to 27, when the half ended. Maryville scored fourteen during the period. Captain Miller of Maryville, played a good game, but his mates failed to show well.

Poly started the second half in whirl wind fashion and piled up six goals before it was halted. Then just for a moment with the count 39 to 14, Egley and Miller dropped a couple of baskets and started Maryville on a spurt. Bad shooting, coupled with misplays, ruined the visitors' chance and from then on their points were few and far between.

The game was clean, Referee Campbell calling only ten fouls, most of these technical. The score:

Poly, 53.

MISS RICE TO OKLAHOMA

Takes Charge of Oklahoma City Musical Academy.—Prof. Bienbar St. Joseph Teacher, Takes Classes Here.

Miss Berenice Rice, director of the Conservatory of Music, left today for Oklahoma City where she will have charge of the Oklahoma Musical Academy during the absence in New York of the present director, Alfred Price Quinn. The Maryville Conservatory will continue under her direction as in the past.

Miss Rice has secured Mr. Arthur M. Bienbar, a prominent teacher of St. Joseph to take charge of the advanced work here during her absence. Mr. Bienbar is well known as a teacher, organist, and composer. For a number of years he has been organist and choir director of St. Joseph's Cathedral in St. Joseph. Mr. Bienbar will spend a part of each week in Maryville. His work here will consist of Piano, Organ and Composition. Mr. Bienbar's instructors abroad included: Dr. Wullner, Cologne Conservatory; Prof. Gernsheim, Bonn, Germany; Johann Ferhulst, most celebrated pupil of Schumann; Richard Hol, The Hague, Holland; Pierre Jean v. Paesschen, Bois-le-duc, Holland; Christian Kriens, Bois-le-duc, Holland;; Lorenzo Perosi, leader of the Sixtino Choir, Rome. Mr. Bienbar was twelve years organist and choir master of the Cathedral of Bois-le-duc, and subdirector of the Men's Royal Choral Society of The Hague.

The following are copied from some of his press notices: "Mr. Bienbar stands preeminent as a musician in the mid-west. His full rounded knowledge of the art is everywhere known and recognized. It is not only in America, but also in Europe, that his genius is appreciated. As an improvisator on the piano and organ, Mr. Bienbar is unsurpassed." "The occasion afforded Mr. Bienbar's friends and admirers an opportunity of enjoying a program of voice and piano numbers given entirely by himself. Mr. Bienbar, who is an earnest and serious musician, grows in his art from year to year and to those who have followed his musical career, it is gratifying on each appearance to note his progress. Tuesday night he gave generously of his talent, the program consisting of selections from Beethoven, Schumann,, Greig, Liszt, and a recent composition of his own, "The Dance of the Spirits."

GAVE KING CITY A DRUBBING

M. H. S. Took the Measure of the Visitors in Last Night's Game by a Score of 25 to 3.

Maryville high school gave King City a drubbing in the first home game of the season on the Normal court last night taking the long end of a 23 to5 score. The game was a ragged one throughout with both teams being unable to shoot goals with any accuracy. Coach Ziegler's men showed good team work except under the goals when they got flustrated in attempts to make a goal.

M. H. S. started out with plenty of pep and had a fair lead before King City began to function or rather to make the attempt, the sum total of five points indicating the extent of their activities. M. H. S. led at the end of the first half 11-3, and in the second session Zeigler's men chalked up twelve points while King City had to be content with two.

Every M. H. S. player succeeded in getting a goal with Cook landing four, Kirby three, DeArmond two and Foreman, one; Kirby, at guard, was the particular star; Farmer played for Cook in the second half and Campbell went in for Foreman. Sylvester and Aldredge of the King City team did mist of the playing for the visitors. H. P. Swinehart officiated as referee. Almost a record crowd witnessed the game bringing along several choice varieties of yells and noise which were injected into the atmosphere of the gym without interruption.

ABOUT GREEN TABLE

WORLD'S GREATEST PEACE CONFERENCE OPENED TODAY.

TO BE PARTLY SECRET

Newspaper Men to be Denied Admittance to Any But General Sessions—Clemenceau President.

Paris, Jan. 18.—The world's greatest peace conference opened here this afternoon. The foremost statesmen of the world, representing the twenty-five nations that had broken with Germany were gathered about the green table when Premier Clemenceau, of France, called the first session of the historic conference to order at three o'clock. All members of the American peace delegation, headed by President Wilson, except Col. House, were present, the latter being confined to his room because of sickness. The peace commissioners have made it plain that they intend to hold all the important deliberations secretly. Three newspaper men from each of the Allied nations are to be admitted to the general sessions, but will be excluded when debate on matters of any consequence is on. This action was demanded by the commissioners on the ground that peace cannot be made justly and swiftly if public discussions are allowed.

Premier Clemenceau was elected president of the conference.

WAS LIEBNECHT MURDERED?

Berlin, via Copenhagen, Jan. 18.—Leaders of the Independent socialists (who are allied with the Spartacans) claimed today to have proof that Dr. Karl Liebneché was deliberately murdered and that he did not attempt to escape, as has been said. The newspaper, Freihart demands a general strike.

Berlin, Jan. 18.—An uproar has developed in Berlin as a result of the Reds refusing to disarm, sai da dispatch from that city today.

London, Jan. 18.—A virtual military dictatorship has bee nset up in Berlin, says a Central News dispatch.

HAD THE DEVIL'S OWN PUNCH

With the American Army of Occupation in Germany, Jan. 18—by Courier to Nancy).—"The Rhine is the barrier of all the Allies and to all of these that united to save civilization, the Rhine is the guaranty of peace for all nations who have shed their blood in the cause of Liberty, then let us watch the Rhine." This was the most striking utterance of the generalissimo of the Allied armies, Marshal Foch, in an interview granted American newspaper correspondents. When the marshal's train arrived at Treves station, the leader of the Allied armies indulged in Yankee slang, saying, "your men have the devil's own punch; they overcame everything when they got to it."

NEWS FROM
NODAWAY COUNTY TOWNS

L. Bishop, living west of Clearmont, was kicked by a horse Friday evening. the horse striking him on the knee. At the time he thought his leg was broken. He sent for Dr. Wiley, who examined it but found no broken bones but the limb was badly bruised and it will be some time before he ecan use it very well.

Capt. H. S. Dowell of Clearmont, accompanied by his wife and son, arrived here last Friday morning. The Dr. has been in the Base Hospital at New York City for some time. He informs us that he has not been discharged as yet, but he thinks he will be and that he will not have to go back into the service again. Mrs. Dowell and his son have been with him all the time and it is very interesting to talk with either one of them and hear the information they can give you about the army life at the hospital. The Dr. says it is indeed remarkable to see the boys that are brought home from overseas. In many cases they are literally shot to pieces and will never be able to do anything, yet they are always cheerful and jolly and never seem cast down or blue about it.

The annual meeting of the stockholders of the Northwestern bank of Burlington Junction was held in the directors' room Tuesday, and the following men were reelected directors: C. A. Wolfers, E. C. Wolfers, Enos Fast P. Cummins, C. D. Nicholas and T. A. Corken. The officers elected were: President, T. A. Corken; vice-president, Enos Fast; cashier, R. N. Barber; assistant cashier, Bert Monk. The institution is in splendid condition, as was shown by its last statement.

Charles C. Hellmers, manager of the Maryville Electric Light & Power Co., is back at his office again after a long seige of influenza, during which time he was confined to the St. Francis hospital. Although looking considerably "th eworse for wear" when a representative of the Post saw him at his office Friday, Mr. Hellmers is the same courteous, attentive business executive. While some other light and power companies have been failing to give their customers service during the present emergency the flow of "juice" from the plant at Maryville has been almost uninterrupted, and now that Manager Charles is back at his post we are insured of all being o. k. again. The Post believes we have been lucky in "hooking up" with a corporation that is as efficient and human as the Maryville Electric Light & Power company. Of course they will have their grief occasionally but their service will average up much better than most plants.—Burlington Junction Post.

W. G. Carpenter, the genial Ford agent of Burlington Junction, sold a car at long range one day last week when he had an order and check from E. A. Pence, who is in France, requesting that a Ford be delivered to his father's home right away, full of gas and oil, and "rearing" to go just as soon as Elmer can get back and start it. The next thing we will hear is Carp making a sale to Mr. Hohenzollern—for doubtless William will be glad to ride in a Ford when his enemies and near enemies get through with him.

Over $6,300 was realized from the sale of two loads of stock made by W. W. Jones of Burlington Junction, on Tuesday's St. Joseph market. Cattle and hogs are surely bringing some money now, but even at that it takes some "noodle" work to make dollar and a half corn pay its way. The buying end is almost as high as the selling end.

The wild goose and the muskrat may both be great weather prophets, but the fact that Alva Jones, Roy Plummer and Ernest Dale of Burlington Junction, built 80 rods of fence Monday is about the best proof that this is a mild winter. They actually got so warm on the job that they had to shed some of their clothing. The temperature has been much above normal for two weeks, freezing very little at nights.

Five loads of stock were shipped from Burlington Junction to St. Joseph Monday. Leonard Houston had a load of hogs, W. W. Jones a load of cattle and a load of hogs, and F. E. Ware a mixed load of cattle and hogs. Houston, Ware and Jones went with the shipment.

Estus D. Maltby, a former Burlington Junction boy, sent some snapshots to the publisher of the Post this week, showing the results of a real hunt he and a friend enjoyed up in the San Joaquin valley of California. They left their home in Long Beach at 4 a. m. Dec. 26, drove 360 miles in fourteen hours over a scenic road and spent two days on the hunting rounds. They bagged fifteen geese and over 100 ducks, besides some other game, and were back at Long Beach the evening of Dec. 30. Estus is selling motorcycles at 430 American Ave., Long Beach, and has a good business.

Farmers are nof compelled to get a permit before they can ship stock to market. Jim George of Hopkins, brought in a load of hogs during the cold snap last week. He had a car that day but no permit and the next day he had the permit, but no car, making it necessary to keep the hogs in the stock yards three days. On account of the severe weather, the hogs "piled up," the result being Mr. George lost three of the big porkers meaning a money loss of considerably more than a hundred dollars.

Glen Swaim formerly of Hopkins, who arrived here a couple of weeks ago from Idaho, having shipped a couple of car loads of sheep to St. Joe, reports himself as well pleased with the west and believes Idaho to be the best sheep country out of doors. He is a little homesick to get back to this country but of course will not admit it.

Wm. Savage of Hopkins, bought the old Oxley 200-acre farm at auction some two months ago at $125 an acre, and last week sold it to an Omaha man at $185 an acre, making him a profit of $12,000.

W. K. Adams, assistant freight agent for the Burlington, was in Hopkins from St. Joe Tuesday. He still owns his 240-acre farm east of town and takes great delight whenever his duties will permit a visit to the old home town. He is a very affable gentleman and Hopkins people are always glad to see him.

Col. Denton of Hopkins, the new auctioneer, has the distinction of having sold a whole city at public outcry on Tuesday of this week, selling the store building and adjoining residence at Gaynor City which constitutes the whole of that metropolis. The property was owned by B. F. Goff, now of Clarinda. Grant Munn bought the store building and 3½ acres of ground for $1,075 and will put in a new stock of goods, while B. W. Archer bought the residence property at $505 and will use it for a tenant house as it adjoins his farm. Mr. Goff was well pleased with the sale.

Fred Wooldridge of Hopkins, is in receipt of a telegram announcing the death of Mrs. George Crossan which took place at her home in Denver. Mrs. Crossan was formerly Miss Mame Frye and is survived by the husband and a little daughter. The body was taken to Cheyenne Wells, Colo., the home of her mother, for burial.

Papers were made out today conveying the title of the Sylvester Bosley 160 acre farm which lies 4½ miles southeast of Skidmore to Will Freeze. In payment for the place Mr. Freeze turns to Mr. Bosley his 120 acre farm, 9 miles southeast of Skidmore, just across the road from the Highland school house, and $7,000. This places a value on all the land in the trade at $175 per acre. Another deal was made Wednesday whereby Thomas Deffenbaugh becomes owner of the A. A. Barber 80 acre place, three miles west and two miles south of town.

The elevator at Conception is undergoing repairs which, when completed, will make it one of the best and most up-to-date on the Wabash railway. The manager, Mr. B. V. Kirby, is to be congratulated upon the splendid business that he has built up during the short time he has been in charge of the elevator. It is an example of what can be done by square dealing backed by plenty of energy and push.

Edward Merrigan, Jr., who is in the United States naval service, arrived Tuesday for a short visit at the home of his parents, Mr. and Mrs. Ed Merrigan in Clyde. Ed is attached to the U. S. S. Porter Destroyer No. 59, and has been on duty in European waters for some time. His ship arrived in Boston from Brest, France, January 8.

A fine bunch of hogs was shipped to St. Joseph Monday by J. McMahon of Skidmore, and were on the market there Tuesday when they sold for $17.60 per hundred, the top price for that day. The 120 head averaged 257 pounds when driven over the scales.

J. A. Britton, who bought a 160 acre farm near Burlington Junction last fall has added to his landed interests there recently, having bought of Geo. Gill his 88 acre farm, which lies only a quarter of a mile from his former purchase. Mr. Gill received $127.50 per acre for his farm.

Wm. Rogers has bought the 20 acres 2 miles east of Barnard from George Cole, consideration being $4,000. Rogers' town property will go in on the deal. Cole recently bought this farm from Roy Cook.

The Barnard Progressive Farmers Club of Common Sense held their annual election on January 14. The following were elected. Paul Campbell, president; Ray Davis, vice president; Homer Brown, secretary. All members are requested to be present next meeting as we have something good to talk about.

Alfrd Hanson, 10 year old son of Pete Hanson and wife, living west of Barnard while milking a cow Monday, was knocked over and trampled on so that his leg was broken just above the ankle. Medical assistance was secured at once and although he is suffering considerable pain at this time, he is getting along as well as can be expected

Mrs. J. C. Curnutt of Barnard, fell last Thursday afternoon, while getting water from the home of Wm. Curnutt's house, breaking her left arm near the wrist and tearing some of the muscles and ligaments badly. This is a very painful injury for a woman of her age but the arm is mending nicely at this time.

Little Margaret Meyer of Guilford was taken this week to the St. Joseph hospital to be operated on for some kind of gathering near the heart. Her father and little baby brother died recently from the influenza.

A deal was made sometime ago whereby W. S. Lemaster of Guilford became the owner of the Willie Wells 80 acre farm where O. K. Wales has lived the past year. He intends to move the house and rebuild nearer the road and will move on the farm himself.

John Herndon was in Sheridan Monday putting up ice for the merchants for their summer use. We understand the cold fluid will be sold at that town this summer at 30 cents per hundred pounds.

Charles Collins of Parnell, returned the first of the week from several days' visit with relatives and friends at West Liberty, Iowa. He attended the I. O. O. F. lodge at that place and says they have a very fine hall there.

About thirty farmers, living west of Parnell, have purchased six good hounds from Lexington, Ky., for the purpose of ridding wolves and foxes from this vicinity. Four of the dogs arrived Sunday and two more on Monday. Wolves and foxes are very numerous in this vicinity, and the farmers are going to put the pests out of business. Two of the dogs are at John Surplus, two at Tom Logan's and two at Claud Thomas.' The six dogs cost $250.

Miss Drydale of Barnard has been employed to teach the remainder of the term at Diamond Branch school. Miss Margaret Heffern resigned as teacher the first of the year.

Word was received at Parnell first of the week that John Mullock had died at his home near Haxtun, Colo. He went out there early last spring and took charge of a large ranch. His sister, Miss Harriet Mullock, went out there first of the week to look after the body.

Orvel Zeigler wrote home folks on Thanksgiving Day and the letter was received in Ravenwood Monday morning. The epistle must have taken its "foot in its hand" and walked over. The writer tells that he was feeling fine, though he had been in two drives, one at St. Mihiel on September 12, and one on the Verdun front November 1st. He says it was sure some sight the way the country was torn up. He was also in the attack on November 10 when the American crossed the Meuse river.

Arrives from Texas.

Mrs. Inez White of Orange, Texas, arrived in Maryville today, called here by the illness of her father, G. P. Bainum, living north of the city. Mr. Bainum is suffering from the effects of injuries received last week when he fell from a load of hay.

Frank Buck, Jr., of St. Joseph is visiting his mother, Mrs. Clara Buck.

Carl Kissinger and Floyd Coulter Companions in Automatic Rifle Squad.

Carl Kissinger of Barnard, who was recently returned from a long period of service with the American army in France, and Floyd Coulter of Clearmont, who died October 16, were companions in an automatic rifle squad and wounded by the same shell.

Carl's wounds proved less severe and he has fully recovered and those of his companion resulted in his death a few weeks after he wa swounded. STATE STARTS RESTAURANT

Legislators and Others Will Be Able To Obtain Meals at Less Than Jefferson City Prices.

Jefferson City, Mo., Jan. 18.—A legislative restaurant will be opened early netx week on the first floor of the state capitol where members of the general assembly and all others about the building or even outsiders can obtain their meals. Lee Broom of St. Joseph, an experienced caterer, will be in charge. Final arrangements have been completed by the joint legislative committees of the two houses of which Senator Lysaght of St. Joseph, is chairman. The caterer has been guaranteed $150 a month. If the profits do not make up this sum, the state will cover the loss. The joint committee will regulate prices from time to time and act as general superintendent. Dishes and table ware have been rented from a Sedalia firm at $50 a month. Girls will be employed to wait on the tables.

Just what the prices will be has not been definitely determined but they will be considerably lower than the Jefferson City prices.

This is the first time the state has ever undertaken to run a restaurant.

Chicago has bought for $109,000 a farm of 371 acres to be used as a house of correction truck patch.

HAD SUFFERED FOR FOURTEEN YEARS

Couldn't Lift an Arm or Leg from Bed. Tanlac Restores Health.

"I wish I could have found Tanlac fourteen years ago," said William D. Lawrence, who lives at 417 East 30th street, Tacoma, Wash., a few days ago.

"I have suffered all the pangs of inflammatory rheumatism just that many years," he continued, "and many times I have been in such pain and misery that I would almost wish I could die and end it all. My whole body was racked with pain nearly all the time, and I would get terribly swollen all over; sometimes my feet would swell so bad I couldn't get my shoes on. The swelling and pain would come so suddenly in my feet at times that I would have to cut the strings of my shoes so I could get them off real quick. I was so bad off at one time that I was flat on my back for two or three months one stretch, and couldn't raise an arm or leg during that time, and every part of my body just ached with pain all the time. I went night after night without a minute's sleep, just had to lie there and suffer.

"I tried everything I could get my hands on, thinking I would get something after a while that would do me some good, but nothing seemed to help me very much. I thought a change might do me some good, so I came to Tacoma a short time ago, and when I got here I heard a great many people talking about the good Tanlac had done them, and I thought I would try it out myself. Well sir, it began to overcome my trouble right away. I am practically free from those terrible rheumatic pains now, and all that swelling is a thing of the past, and in fact, all that fourteen years of misery seems to be over. I sleep like a log and am gaining both in weight and strength every day. I never lose a minute from my work now, put in full time every day, and just feel good all the time. It sure is great to be in such fine shape after fourteen years of agony. I don't believe there is another medicine in the world equal to Tanlac."

Tanlac is sold in Maryville by the Koch Pharmacy, and A. M. Colly, Conception Junction.—Adv.

In Memory of George A. Meek.

Death has removed from our midst one of our best men, young in years, though with a mind of mature years. His thoughts were for humanity's sake. His contributions to the Red Cross were evidence of his love and pity for the suffering people. He was not possessed of wordly riches but his soul carried with it to its eternal home the riches of everlasting good.

His daily thoughts were for the boys in service and he continually sent literature to his brother abroad to help relieve his homesickness.

To his sorrowing relatives and friends he leaves a memory that can never fade.

POLY FIVE WON FROM NORMALS IN EASY FASHION 53-23

BEARCATS GAME FIGHT

Miller Showed up in Fine Form, Getting Seven Goals, but Support Was Lacking.

The Normal Bearcats returned from their three-game trip today having lost two out of the three played, dropping the last game to the Poly five at Kansas City last night, 53 to 23. The Kansas City Times says of the game:

Displaying a strong offense and guarding that was well above par, the Polytechnic basketeers passed and shot their way to a victory over the Maryville Normals alst night on the Poly court. With Captain Walker, Duvall and Schmitz shooting goals from every angle, the visiting team never had a chance after the first few minutes of play, the game ending with the Red and Black on top of a 53 to 23 count.

At that, Maryville put up a game fight. The Green and White guards were working together, but they lacked the ability to cope with the Poly cagers.

The game was only a minute old when Duvall uncorked a long one. Walker added a goal, and then these two forwards, aided by Schmitz, piled up the count to 27, when the half ended. Maryville scored fourteen during the period. Captain Miller of Maryville, played a good game, but his mates failed to show well.

Poly started the second half in whirl wind fashion and piled up six goals before it was halted. Then just for a moment with the count 39 to 14, Egley and Miller dropped a couple of baskets and started Maryville on a spurt. Bad shooting, coupled with misplays, ruined the visitors' chance and from then on their points were few and far between.

The game was clean, Referee Campbell calling only ten fouls, most of these technical. The score:

Poly, 53.

MISS RICE TO OKLAHOMA

Takes Charge of Oklahoma City Musical Academy.—Prof. Bienbar St. Joseph Teacher, Takes Classes Here.

Miss Berenice Rice, director of the Conservatory of Music, left today for Oklahoma City where she will have charge of the Oklahoma Musical Academy during the absence in New York of the present director, Alfred Price Quinn. The Maryville Conservatory will continue under her direction as in the past.

Miss Rice has secured Mr. Arthur M. Bienbar, a prominent teacher of St. Joseph to take charge of the advanced work here during her absence. Mr. Bienbar is well known as a teacher, organist, and composer. For a number of years he has been organist and choir director of St. Joseph's Cathedral in St. Joseph. Mr. Bienbar will spend a part of each week in Maryville. His work here will consist of Piano, Organ and Composition. Mr. Bienbar's instructors abroad included: Dr. Wullner, Cologne Conservatory; Prof. Gernsheim, Bonn, Germany; Johann Ferhulst, most celebrated pupil of Schumann; Richard Hol, The Hague, Holland; Pierre Jean v. Paesschen, Bois-le-duc, Holland; Christian Kriens, Bois-le-duc, Holland;; Lorenzo Perosi, leader of the Sixtino Choir, Rome. Mr. Bienbar was twelve years organist and choir master of the Cathedral of Bois-le-duc, and subdirector of the Men's Royal Choral Society of The Hague.

The following are copied from some of his press notices: "Mr. Bienbar stands preeminent as a musician in the mid-west. His full rounded knowledge of the art is everywhere known and recognized. It is not only in America, but also in Europe, that his genius is appreciated. As an improvisator on the piano and organ, Mr. Bienbar is unsurpassed." "The occasion afforded Mr. Bienbar's friends and admirers an opportunity of enjoying a program of voice and piano numbers given entirely by himself. Mr. Bienbar, who is an earnest and serious musician, grows in his art from year to year and to those who have followed his musical career, it is gratifying on each appearance to note his progress. Tuesday night he gave generously of his talent, the program consisting of selections from Beethoven, Schumann,, Greig, Liszt, and a recent composition of his own, "The Dance of the Spirits."

James B. Judd of Ravenwood, spent today in Maryville looking after business matters.

GAVE KING CITY A DRUBBING

M. H. S. Took the Measure of the Visitors in Last Night's Game by a Score of 25 to 3.

Maryville high school gave King City a drubbing in the first home game of the season on the Normal court last night taking the long end of a 23 to5 score. The game was a ragged one throughout with both teams being unable to shoot goals with any accuracy. Coach Ziegler's men showed good team work except under the goals when they got flustrated in attempts to make a goal.

M. H. S. started out with plenty of pep and had a fair lead before King City began to function or rather to make the attempt, the sum total of five points indicating the extent of their activities. M. H. S. led at the end of the first half 11-3, and in the second session Zeigler's men chalked up twelve points while King City had to be content with two.

Every M. H. S. player succeeded in getting a goal with Cook landing four, Kirby three, DeArmond two and Foreman, one; Kirby, at guard, was the particular star; Farmer played for Cook in the second half and Campbell went in for Foreman. Sylvester and Aldredge of the King City team did mist of the playing for the visitors. H. P. Swinehart officiated as referee. Almost a record crowd witnessed the game bringing along several choice varieties of yells and noise which were injected into the atmosphere of the gym without interruption.

ABOUT GREEN TABLE

WORLD'S GREATEST PEACE CONFERENCE OPENED TODAY.

TO BE PARTLY SECRET

Newspaper Men to be Denied Admittance to Any But General Sessions—Clemenceau President.

Paris, Jan. 18.—The world's greatest peace conference opened here this afternoon. The foremost statesmen of the world, representing the twenty-five nations that had broken with Germany were gathered about the green table when Premier Clemenceau, of France, called the first session of the historic conference to order at three o'clock. All members of the American peace delegation, headed by President Wilson, except Col. House, were present, the latter being confined to his room because of sickness. The peace commissioners have made it plain that they intend to hold all the important deliberations secretly. Three newspaper men from each of the Allied nations are to be admitted to the general sessions, but will be excluded when debate on matters of any consequence is on. This action was demanded by the commissioners on the ground that peace cannot be made justly and swiftly if public discussions are allowed.

Premier Clemenceau was elected president of the conference.

WAS LIEBNECHT MURDERED?

Berlin, via Copenhagen, Jan. 18.—Leaders of the Independent socialists (who are allied with the Spartacans) claimed today to have proof that Dr. Karl Liebneché was deliberately murdered and that he did not attempt to escape, as has been said. The newspaper, Freihart demands a general strike.

Berlin, Jan. 18.—An uproar has developed in Berlin as a result of the Reds refusing to disarm, sai da dispatch from that city today.

London, Jan. 18.—A virtual military dictatorship has bee nset up in Berlin, says a Central News dispatch.

HAD THE DEVIL'S OWN PUNCH

With the American Army of Occupation in Germany, Jan. 18—by Courier to Nancy).—"The Rhine is the barrier of all the Allies and to all of these that united to save civilization, the Rhine is the guaranty of peace for all nations who have shed their blood in the cause of Liberty, then let us watch the Rhine." This was the most striking utterance of the generalissimo of the Allied armies, Marshal Foch, in an interview granted American newspaper correspondents. When the marshal's train arrived at Treves station, the leader of the Allied armies indulged in Yankee slang, saying, "your men have the devil's own punch; they overcame everything when they got to it."

He is now partially regaining his health after two critical operations which he underwent last fall at the Noyes hospital in St. Joseph for cancer of the stomach.

NEWS FROM
NODAWAY COUNTY TOWNS

L. Bishop, living west of Clearmont, was kicked by a horse Friday evening, the horse striking him on the knee. At the time he thought his leg was broken. He sent for Dr. Wiley, who examined it but found no broken bones but the limb was badly bruised and it will be some time before he ccan use it very well.

Capt. H. S. Dowell of Clearmont, accompanied by his wife and son, arrived here last Friday morning. The Dr. has been in the Base Hospital at New York City for some time. He informs us that he has not been discharged as yet, but he thinks he will be and that he will not have to go back into the service again. Mrs. Dowell and his son have been with him all the time and it is very interesting to talk with either one of them and hear the information they can give you about the army life at the hospital. The Dr. says it is indeed remarkable to see the boys that are brought home from overseas. In many cases they are literally shot to pieces and will never be able to do anything, yet they are always cheerful and jolly and never seem cast down or blue about it.

The annual meeting of the stockholders of the Northwestern bank of Burlington Junction was held in the directors' room Tuesday, and the following men were reelected directors: C. A. Wolfers, E. C. Wolfers, Enos Fast P. Cummins, C. D. Nicholas and T. A. Corken. The officers elected were: President, T. A. Corken; vice-president, Enos Fast; cashier, R. N. Barber; assistant cashier, Bert Monk. The institution is in splendid condition, as was shown by its last statement.

Charles C. Hellmers, manager of the Maryville Electric Light & Power Co., is back at his office again after a long seige of influenza, during which time he was confined to the St. Francis hospital. Although looking considerably "th eworse for wear" when a representative of the Post saw him at his office Friday, Mr. Hellmers is the same courteous, attentive business executive. While some other light and power companies have been failing to give their customers service during the present emergency the flow of "juice" from the plant at Maryville has been almost uninterrupted, and now that Manager Charles is back at his post we are insured of all being o. k. again. The Post believes we have been lucky in "hooking up" with a corporation that is as efficient and human as the Maryville Electric Light & Power company. Of course they will have their grief occasionally but their service will average up much better than most plants.—Burlington Junction Post.

W. G. Carpenter, the genial Ford agent of Burlington Junction, sold a car at long range one day last week when he had an order and check from E. A. Pence, who is in France, requesting that a Ford be delivered to his father's home right away, full of gas and oil, and "rearing" to go just as soon as Elmer can get back and start it. The next thing we will hear is Carp making a sale to Mr. Hohenzollern—for doubtless William will be glad to ride in a Ford when his enemies and near enemies get through with him.

Over $6,300 was realized from the sale of two loads of stock made by W. W. Jones of Burlington Junction, on Tuesday's St. Joseph market. Cattle and hogs are surely bringing some money now, but even at that it takes some "noodle" work to make dollar and a half corn pay its way. The buying end is almost as high as the selling end.

The wild goose and the muskrat may both be great weather prophets, but the fact that Alva Jones, Roy Plummer and Ernest Dale of Burlington Junction, built 80 rods of fence Monday is about the best proof that this is a mild winter. They actually got so warm on the job that they had to shed some of their clothing. The temperature has been much above normal for two weeks, freezing very little at nights.

Five loads of stock were shipped from Burlington Junction to St. Joseph Monday. Leonard Houston had a load of hogs, W. W. Jones a load of cattle and a load of hogs, and F. E. Ware a mixed load of cattle and hogs. Houston, Ware and Jones went with the shipment.

Estus D. Maltby, a former Burlington Junction boy, sent some snapshots to the publisher of the Post this week, showing the results of a real hunt he and a friend enjoyed up in the San Joaquin valley of California. They left their home in Long Beach at 4 a. m. Dec. 26, drove 360 miles in fourteen hours over a scenic road and spent two days on the hunting rounds. They bagged fifteen geese and over 100 ducks, besides some other game, and were back at Long Beach the evening of Dec. 30. Estus is selling motorcycles at 430 American Ave., Long Beach, and has a good business.

Farmers are nof compelled to get a permit before they can ship stock to market. Jim George of Hopkins, brought in a load of hogs during the cold snap last week. He had a car that day but no permit and the next day he had the permit, but no car, making it necessary to keep the hogs in the stock yards three days. On account of the severe weather, the hogs "piled up," the result being Mr. George lost three of the big porkers meaning a money loss of considerably more than a hundred dollars.

Glen Swaim formerly of Hopkins, who arrived here a couple of weeks ago from Idaho, having shipped a couple of car loads of sheep to St. Joe, reports himself as well pleased with the west and believes Idaho to be the best sheep country out of doors. He is a little homesick to get back to this country but of course will not admit it.

Wm. Savage of Hopkins, bought the old Oxley 200-acre farm at auction some two months ago at $125 an acre, and last week sold it to an Omaha man at $185 an acre, making him a profit of $12,000.

W. K. Adams, assistant freight agent for the Burlington, was in Hopkins from St. Joe Tuesday. He still owns his 240-acre farm east of town and takes great delight whenever his duties will permit a visit to the old home town. He is a very affable gentleman and Hopkins people are always glad to see him.

Col. Denton of Hopkins, the new auctioneer, has the distinction of having sold a whole city at public outcry on Tuesday of this week, selling the store building and adjoining residence at Gaynor City which constitutes the whole of that metropolis. The property was owned by B. F. Goff, now of Clarinda. Grant Munn bought the store building and 3½ acres of ground for $1,075 and will put in a new stock of goods, while B. W. Archer bought the residence property at $505 and will use it for a tenant house as it adjoins his farm. Mr. Goff was well pleased with the sale.

Fred Wooldridge of Hopkins, is in receipt of a telegram announcing the death of Mrs. George Crossan which took place at her home in Denver. Mrs. Crossan was formerly Miss Mame Frye and is survived by the husband and a little daughter. The body was taken to Cheyenne Wells, Colo., the home of her mother, for burial.

Papers were made out today conveying the title of the Sylvester Bosley 160 acre farm which lies 4½ miles southeast of Skidmore to Will Freeze. In payment for the place Mr. Freeze turns to Mr. Bosley his 120 acre farm, 9 miles southeast of Skidmore, just across the road from the Highland school house, and $7,000. This places a value on all the land in the trade at $175 per acre. Another deal was made Wednesday whereby Thomas Deffenbaugh becomes owner of the A. A. Barber 80 acre place, three miles west and two miles south of town.

The elevator at Conception is undergoing repairs which, when completed, will make it one of the best and most up-to-date on the Wabash railway. The manager, Mr. B. V. Kirby, is to be congratulated upon the splendid business that he has built up during the short time he has been in charge of the elevator. It is an example of what can be done by square dealing backed by plenty of energy and push.

Edward Merrigan, Jr., who is in the United States naval service, arrived Tuesday for a short visit at the home of his parents, Mr. and Mrs. Ed Merrigan in Clyde. Ed is attached to the U. S. S. Porter Destroyer No. 59, and has been on duty in European waters for some time. His ship arrived in Boston from Brest, France, January 8.

A fine bunch of hogs was shipped to St. Joseph Monday by J. McMahon of Skidmore, and were on the market there Tuesday when they sold for $17.60 per hundred, the top price for that day. The 120 head averaged 257 pounds when driven over the scales.

J. A. Britton, who bought a 160 acre farm near Burlington Junction last fall has added to his landed interests there recently, having bought of Geo. Gill his 88 acre farm, which lies only a quarter of a mile from his former purchase. Mr. Gill received $127.50 per acre for his farm.

Wm. Rogers has bought the 20 acres 2 miles east of Barnard from George Cole, consideration being $4,000. Rogers' town property will go in on the deal. Cole recently bought this farm from Roy Cook.

The Barnard Progressive Farmers Club of Common Sense held their annual election on January 14. The following were elected. Paul Campbell, president; Ray Davis, vice president; Homer Brown, secretary. All members are requested to be present next meeting as we have something good to talk about.

Alfrd Hanson, 10 year old son of Pete Hanson and wife, living west of Barnard while milking a cow Monday, was knocked over and trampled on so that his leg was broken just above the ankle. Medical assistance was secured at once and although he is suffering considerable pain at this time, he is getting along as well as can be expected

Mrs. J. C. Curnutt of Barnard, fell last Thursday afternoon, while getting water from the home of Wm. Curnutt's house, breaking her left arm near the wrist and tearing some of the muscles and ligaments badly. This is a very painful injury for a woman of her age but the arm is mending nicely at this time.

Little Margaret Meyer of Guilford was taken this week to the St. Joseph hospital to be operated on for some kind of gathering near the heart. Her father and little baby brother died recently from the influenza.

A deal was made sometime ago whereby W. S. Lemaster of Guilford became the owner of the Willie Wells 80 acre farm where O. K. Wales has lived the past year. He intends to move the house and rebuild nearer the road and will move on the farm himself.

John Herndon was in Sheridan Monday putting up ice for the merchants for their summer use. We understand the cold fluid will be sold at that town this summer at 30 cents per hundred pounds.

Charles Collins of Parnell, returned the first of the week from several days' visit with relatives and friends at West Liberty, Iowa. He attended the I. O. O. F. lodge at that place and says they have a very fine hall there.

About thirty farmers, living west of Parnell, have purchased six good hounds from Lexington, Ky., for the purpose of ridding wolves and foxes from this vicinity. Four of the dogs arrived Sunday and two more on Monday. Wolves and foxes are very numerous in this vicinity, and the farmers are going to put the pests out of business. Two of the dogs are at John Surplus, two at Tom Logan's and two at Claud Thomas.' The six dogs cost $250.

Miss Drydale of Barnard has been employed to teach the remainder of the term at Diamond Branch school. Miss Margaret Heffern resigned as teacher the first of the year.

Word was received at Parnell first of the week that John Mullock had died at his home near Haxtun, Colo. He went out there early last spring and took charge of a large ranch. His sister, Miss Harriet Mullock, went out there first of the week to look after the body.

Orvel Zeigler wrote home folks on Thanksgiving Day and the letter was received in Ravenwood Monday morning. The epistle must have taken its "foot in its hand" and walked over. The writer tells that he was feeling fine, though he had been in two drives, one at St. Mihiel on September 12, and one on the Verdun front November 1st. He says it was sure some sight the way the country was torn up. He was also in the attack on November 10 when the American crossed the Meuse river.

Arrives from Texas.

Mrs. Inez White of Orange, Texas, arrived in Maryville today, called here by the illness of her father, G. P. Bainum, living north of the city. Mr. Bainum is suffering from the effects of injuries received last week when he fell from a load of hay.

Frank Buck, Jr., of St. Joseph is visiting his mother, Mrs. Clara Buck.

STATE STARTS RESTAURANT

Legislators and Others Will Be Able To Obtain Meals at Less Than Jefferson City Prices.

Jefferson City, Mo., Jan. 18.—A legislative restaurant will be opened early next week on the first floor of the state capitol where members of the general assembly and all others about the building or even outsiders can obtain their meals. Lee Broom of St. Joseph, an experienced caterer, will be in charge. Final arrangements have been completed by the joint legislative committees of the two houses of which Senator Lysaght of St. Joseph, is chairman. The caterer has been guaranteed $150 a month. If the profits do not make up this sum, the state will cover the loss. The joint committee will regulate prices from time to time and act as general superintendent. Dishes and table ware have been rented from a Sedalia firm at $50 a month. Girls will be employed to wait on the tables.

Just what the prices will be has not been definitely determined but they will be considerably lower than the Jefferson City prices.

This is the first time the state has ever undertaken to run a restaurant.

Chicago has bought for $109,000 a farm of 371 acres to be used as a house of correction truck patch.

HAD SUFFERED FOR FOURTEEN YEARS

Couldn't Lift an Arm or Leg from Bed. Tanlac Restores Health.

"I wish I could have found Tanlac fourteen years ago," said William D. Lawrence, who lives at 417 East 30th street, Tacoma, Wash., a few days ago. "I have suffered all the pangs of inflammatory rheumatism just that many years," he continued, "and many times I have been in such pain and misery that I would almost wish I could die and end it all. My whole body was racked with pain nearly all the time, and I would get terribly swollen all over; sometimes my feet would swell so bad I couldn't get my shoes on. The swelling and pain would come so suddenly in my feet at times that I would have to cut the strings of my shoes so I could get them off real quick. I was so bad off at one time that I was flat on my back for two or three months one stretch, and couldn't raise an arm or leg during that time, and every part of my body just ached with pain all the time. I went night after night without a minute's sleep, just had to lie there and suffer.

"I tried everything I could get my hands on, thinking I would get something after a while that would do me some good, but nothing seemed to help me very much. I thought a change might do me some good, so I came to Tacoma a short time ago, and when I got here I heard a great many people talking about the good Tanlac had done them, and I thought I would try it out myself. Well sir, it began to overcome my trouble right away. I am practically free from those terrible rheumatic pains now, and all that swelling is a thing of the past, and in fact, all that fourteen years of misery seems to be over. I sleep like a log and am gaining both in weight and strength every day. I never lose a minute from my work now, put in full time every day, and just feel good all the time. It sure is great to be in such fine shape after fourteen years of agony. I don't believe there is another medicine in the world equal to Tanlac."

Tanlac is sold in Maryville by the Koch Pharmacy, and A. M. Colly, Conception Junction.—Adv.

In Memory of George A. Meek.

Death has removed from our midst one of our best men, young in years, though with a mind of mature years. His thoughts were for humanity's sake. His contributions to the Red Cross were evidence of his love and pity for the suffering people. He was not possessed of wordly riches but his soul carried with it to its eternal home the riches of everlasting good."

His daily thoughts were for the boys in service and he continually sent literature to his brother abroad to help relieve his homesickness.

To his sorrowing relatives and friends he leaves a memory that can never fade.

HOW RHEUMATISM BEGINS

The excruciating agonies of rheumatism are usually the result of failure of the kidneys to expel poisons from the system. If the irritation of these uric acid crystals is allowed to continue, incurable bladder or kidney disease may result. Attend to it at once. Don't resort to temporary relief. The sick kidneys must be restored to health by the use of some sterling remedy which will prevent a return of the disease.

Get some GOLD MEDAL Haarlem Oil Capsules immediately. They have brought back the joys of life to countless thousands of sufferers from rheumatism, lame back, lumbago, sciatica, gall stones, gravel and other affections of the kidneys, liver, stomach, bladder and allied organs.

They will attack the poisons at once, clear out the kidneys and urinary tract and the soothing healing oils and herbs will restore the inflamed tissues and organs to normal health.

All others are imitations. Ask for GOLD MEDAL and be sure the name GOLD MEDAL is on the box. Three sizes, at all good druggists.
